

Student Giving June 2015

Students are the core of Christian Leaders Institute. When you give, it not only helps Christian Leaders Institute: it sends a message to donors that the training we offer is worth enough to you that you will offer what you can to support CLI

Student Giving Slows in June

In April I issued a challenge to students. We have a donor who is willing to contribute \$5,000 for every month that we increase our student giving by at least 15 students.

I repeated the challenge in May. This donor will continue to give \$5,000.00 for each month that an additional 15 students give.

And you responded generously. In June we received 66 new gifts with an average gift of \$33.03. Up 1

new gift from May.

Unfortunately, 1 additional new giver isn't enough to meet the monthly challenge. But that's ok, because the challenge is there for July too!

In addition to the one-time gifts, Christian Leaders Institute saw 7 new monthly donors in June 2015. These students join our other monthly givers to bring this month's total to over 130 students giving.

And that's great! But it's still

not enough to meet the donor challenge and add an extra \$5,000.00 for the month of June.

But the donor will offer the challenge gift again in July. If we can get an additional 15 new gifts that \$5,000.00 challenge will be met. And I'm confident that you can do it.

So congratulations to all of you amazing students. And thank you for your generous contributions to CLI.

June Highlight: Ogness Lambert Prepares a Church Plant

Ogness Lambert prayed earnestly for God to show him the mission he was to fulfill in the church. At first his answer came in the form of teaching Sunday school classes. But eventually Ogness felt the call to plant a church. He's taking classes at CLI as part of his preparation for his new church plan. We pray that God will bless his church plant and reach many people through him!
